## **Foreword**

### **Introduction**

No laws governing a sport can cope with every situation, and the laws governing the sport of bowls are no exception. Unusual situations not covered within the laws can often arise. The Laws of the Sport of Bowls ('the laws') have been drawn up in the spirit of true sportsmanship. So, if a situation arises that is not covered by these laws, players, markers and umpires must use their common sense and a spirit of fair play to decide on the appropriate course of action.

### **Conventions**

- 1           References to 'must' and 'will' within these laws mean that the action is compulsory.
- 2           References to 'can' within these laws mean that the action is optional.
- 3           References to 'between' when used to describe a range of weights or measurements within these laws mean that the smallest and largest numbers given are included within the range.

## Definitions

The definitions are in alphabetical order within each section.

- A**            **Control**
- Controlling Body:** the body with immediate control over the Conditions of Play (see law 57.2) under which a game is played. The order is:
- A.1            World Bowls (WB);
- A.2            a National Bowling Authority that is a member of WB ('Member National Authority') or a group of Member National Authorities;
- A.3            divisions within Member National Authorities; and
- A.4            the club on whose green the game is being played.
- B**            **Players**
- B.1            **Side:** any agreed number of teams or Singles players (or a combination of teams and Singles players) whose combined scores decide the result of a competition.
- B.2            **Skip:** the player who is in charge of the team.
- B.3            **Team play**
- B.3.1          **Team:** a Pair, a Triple or a Four.

- B.3.2 **Pair:** a team of two players whose positions, in order of play, are 'lead' and 'skip'.
- B.3.3 **Triple:** a team of three players whose positions, in order of play, are 'lead', 'second' and 'skip'.
- B.3.4 **Four:** a team of four players whose positions, in order of play, are 'lead', 'second', 'third' and 'skip'.
- C Play**
- C.1 **Centring the jack:** placing the jack on the centre line of the rink, at the same distance from the mat line as it was when it came to rest.
- C.2 **Defaulting player, team or side:** the player, team or side that does not meet the requirements of any specific law or laws.
- C.3 **Delivery:** deliberately releasing a jack or a bowl from the hand or an artificial device using an underarm movement. If the jack or bowl accidentally slips from a player's hand or artificial device during delivery, the player can pick it up and start the delivery again.
- C.4 **Displaced jack or bowl:** a jack or a bowl which is moved in a way that is not approved within the Laws of the Sport of Bowls.

- C.5 **Disturbing the head:** altering the position of the jack or a bowl in the head.
- C.6 **Domestic play:** any play under the direct control of a Member National Authority, a division within a Member National Authority or a club.
- C.7 **End:** delivery of the jack, delivery of all the bowls required to be played by all of the opponents in the same direction on a rink, and deciding the number of shots scored.
- C.8 **End ditches**
- C.8.1 **Front ditch:** the ditch at the end of the green which is directly in front of a player when they stand on the mat.
- C.8.2 **Rear ditch:** the ditch at the end of the green which is directly behind a player when they stand on the mat.
- C.9 **Face of the bank:** the surface of the bank from the surface of the ditch up to the top of any surround or edging.
- C.10 **Forfeited game:** a game that is awarded to an opponent as a penalty for the defaulting player, team or side not meeting the requirements of one or more laws.
- C.11 **Former position:** the position of a jack or a bowl at rest within the rink of play

immediately before it is displaced. If a law says that a jack or a bowl must be put back to its former position, the person replacing the jack or bowl in this way must decide where that position is. If this person cannot accurately identify the former position, they must put the jack or bowl as near as possible to its former position.

C.12 **Groundsheet:** a rectangular piece of canvas or other suitable fabric placed temporarily on the surface of the green to protect it from any damage caused as a result of a player delivering the jack or a bowl. The rear edge of the groundsheet must be placed at least 2 metres from the rear ditch and at least 25 metres from the front ditch (in line with the requirements for placing the mat described in laws 6.1.1 and 6.1.5).

C.13 **Head:** the jack and any bowls which have come to rest within the boundaries of the rink of play and are not dead. (Law 19.1 describes a dead jack and law 17.1 describes a dead bowl.)

C.14 **Holding surface:** a natural or synthetic material that will prevent the jack or a bowl from running along the ditch.

- C.15 **Jack or bowl in its original course:** a jack or a bowl from its delivery until it comes to rest, no matter how many times (for a bowl) it comes into contact with the jack or other bowls before it comes to rest or becomes dead.
- C.16 **Jack or bowl in motion:** a jack or a bowl which is moving during play after it has been at rest as part of the head.
- C.17 **Licensed Manufacturer:** person or company licensed by WB to make bowls in line with the standards laid down in World Bowls Regulations.
- C.18 **Licensed Tester:** person or company licensed by WB to test bowls to make sure they meet the standards laid down in World Bowls Regulations and the Laws of the Sport of Bowls.
- C.19 **Line jack or bowl:** a jack or bowl which has come to rest partly inside and partly outside the side boundary of the rink of play.
- C.20 **Mat line:** the edge of the mat nearest to the front ditch. All measurements involving the mat and a jack or a bowl will be taken from the centre of the mat line.
- C.21 **Net total of set points:** the total number of set points a player or team scores

- minus the total number of set points scored against them.
- C.22 **Net total of shots:** the total number of shots a player, team or side scores minus the total number of shots scored against them.
- C.23 **Neutral**
- C.23.1 **Neutral person:** a person who is not a player on the rink of play. This includes the marker and the umpire.
- C.23.2 **Neutral object:**
- C.23.2.1 a jack, bowl or other object not belonging to any player on the rink of play;
- C.23.2.2 a line jack or a line bowl belonging to a player on a neighbouring rink; or
- C.23.2.3 a dead bowl that is at rest and has not been removed from the rink of play.
- C.24 **Open tournaments:** competitions in which both members and non-members of the club hosting the event are eligible to take part, and in which more than one round can be played on the same day.
- C.25 **Pace of the green:** the number of seconds taken by a bowl from its delivery to the moment it comes to rest at approximately 27 metres from the mat line. The higher the number of seconds taken, the faster the pace of the green.

- C.26 **Position of bowl in relation to jack**  
**Jack high or jack level:** the nearest part of a bowl is in line with and at the same distance from the mat line as the nearest part of the jack.
- C.27 **Rink and its boundaries**
- C.27.1 **Rink:** the section of the green on which a game is played.
- C.27.2 **Rink of play:** the section of the green and the corresponding sections of the end ditches on which a game is played.
- C.27.3 **Side boundaries of the rink of play:** the imaginary straight lines connecting the centres of the boundary pegs on opposite banks that show the limits of the rink of play.
- C.27.4 **End boundaries of the rink of play:** the faces of the banks which are within the side boundaries of the rink of play.
- C.28 **Set:** a pre-determined number of shots or ends forming part of a game.
- C.29 **Shot indicators (also known as lollipops or paddles):** thin pieces of plastic or other suitable material, shaped, for example, like oars. The heads of the indicators match either the colours of the adhesive markings on each player's bowls (see law

52.1.8) or the colours of each player's bowls. During play, the marker holds up the appropriate number of indicators, in the appropriate colour, to signal to players and spectators which player's bowl or bowls the marker considers to be shot.

- C.30 **Visiting skips:** either:
  - C.30.1 the skips of teams other than those playing on their own green; or
  - C.30.2 the skips of the second-named team in each pair of competing teams when games are being played at a neutral venue.

**D Bowls**

- D.1 **Bias:** the curved path along which a bowl travels from delivery until it comes to rest. (The shape of the bowl gives it its bias.)
- D.2 **Bias side of a bowl:** the side of the bowl that is the more rounded of the two sides, which is identified by the small grooved rings surrounding its centre. (The non-bias side is identified by the large grooved rings surrounding its centre.)
- D.3 **Set of bowls:** four bowls, all of which are:
  - D.3.1 of a matched set;
  - D.3.2 of the same make and model; and
  - D.3.3 of the same size, weight, colour, bias, serial number and engraving.

- D.4        **Working Reference Bowl:** a bowl approved by WB as:
    - D.4.1     having the minimum bias required; and
    - D.4.2     in all other respects, following the Laws of the Sport of Bowls.
- Each Working Reference Bowl is engraved with the words 'Working Reference Bowl' and WB makes sure that each Licensed Tester is given a Working Reference Bowl.

The 'Laws of the Sport of Bowls – Crystal Mark Third Edition' applies from a date decided by individual Member National Authorities as long as that date is not later than 1 April 2015.

#### **1 Play arrangements**

Games must be organised as:

- 1.1 a Singles game;
- 1.2 a team game;
- 1.3 a side game;
- 1.4 a series of Singles games, team games or side games; or

#### **1.2 Team game**

##### **1.2.1 Pairs game**

- 1.2.1.1 A Pairs game must be played by two opposing teams, each with two players. Players must play singly and in turn either two, three or four of a set of bowls as decided by the Controlling Body.

- 1.2.1.2 The Controlling Body will also decide the order in which the players will play their bowls as follows.

- 1.2.1.2.1 If each player is playing four bowls:
- 1.2.1.2.1.1 the leads will play their four bowls followed by the skips playing their four bowls;
- 1.2.1.2.1.2 the leads will play two of their bowls, followed by the skips playing two of their bowls, followed by the leads playing their final two bowls, followed by the skips playing their final two bowls; or
- 1.2.1.2.1.3 in the first end and every following odd-numbered end, the leads will play two of their bowls, followed by the skips playing their four bowls, followed by the leads playing their final two bowls. In the second end and every following even-numbered end, the skips will play two of their bowls, followed by the leads playing their four bowls, followed by the skips playing their final two bowls.
- 1.2.1.2.2 If each player is playing two or three bowls, the leads will play all their bowls, followed by the skips playing all their bowls.

## **1.2.2 Triples game**

A Triples game must be played by two opposing teams, each with three players. Players must play singly and in turn either two or three of a set of bowls as decided by the Controlling Body.

- 1.2.3 Fours game**

A Fours game must be played by two opposing teams, each with four players. Players must play singly and in turn two of a set of bowls.
- 1.3 Side game**

A side game must be played by two opposing sides, each with the same number of teams or Singles players (or a combination of teams and Singles players).
- 1.4 A series of games**

Games in a series must be arranged to be played on several occasions as:

  - 1.4.1** an ordered series of games organised as a knockout (eliminating) competition and arranged as Singles, Pairs, Triples or Fours; or
  - 1.4.2** an ordered series of side games organised as either a league competition or a knock-out (eliminating) competition.
- 1.5 A tournament of games**
  - 1.5.1** Singles games and team games can be arranged into sections (or groups) as a tournament of games in which the contestants either:
    - 1.5.1.1** play each other in turn;

- 1.5.1.2 play as paired-off teams of players; or
- 1.5.1.3 play in line with any other format decided by the Controlling Body.
- 1.5.2 The games can be played on one or several greens in line with a common timetable.
- 2 General form and length**
- 2.1 A game of bowls must be played on one rink or on several rinks.
- 2.2 The game must consist of a pre-arranged number of shots or ends, or be played for a fixed period of time that is decided beforehand.
- 2.3 Ends must be played in turn from opposite directions, except as described in laws 20, 30, 37 and 38.
- 3 Choosing the rinks for play**
- 3.1 The skips, their representatives or the Controlling Body must make the draw for the rinks on which games are to be played.
- 3.2 In games where competing skips have previously been decided, the visiting skips, their representatives or the Controlling Body must make the draw to decide the numbers of the rinks to be played on.
- 3.3 If, after the draw for rinks has been made, a player in a competition or game plays on

the same rink before the start of play on the day of the competition or game, that player will be disqualified. This does not apply to open tournaments.

- 3.4 For domestic play, Member National Authorities can decide the requirements for playing or practising on the same rink on the day of a competition or game.

#### **4 Practice**

- 4.1 If a player or team that has not yet played is due to meet a player or team that has already played on the same day, the player or team that has not yet played can practise as long as:

- 4.1.1 the Controlling Body gives approval;

- 4.1.2 there is enough time available without delaying the competition; and

- 4.1.3 another rink is available apart from that on which the player or team has been drawn to play later that day.

- 4.2 If a player or team has already played on the same green on the same day, that player or team can practise in line with law 4.1 if they have a 'bye'. (A player or team has a 'bye' in any round of a competition if they don't have an opponent in that round.)

- 4.3 The Controlling Body must allocate the rink on which a player or team can practise.
- 4.4 If two players or two teams are entitled to practise:
  - 4.4.1 they can practise together; and
  - 4.4.2 the format of, and the number of bowls used in, the practice must be decided by the players concerned.

## **Section 1.2 – Getting a game underway**

- 5 Starting the game**
- 5.1 Trial ends
  - 5.1.1 Before the start of play in any game, or before continuing an unfinished game on another day, one trial end must be played in each direction.
  - 5.1.2 For domestic play, the Controlling Body can limit the number of trial ends to be played (no trial ends or one trial end in one direction). It can also decide whether the trial ends are played immediately before or immediately after the scheduled start time for the game.
  - 5.1.3 Trial ends must be played on the same rink that the game will be played on.

- 5.1.4 Each player must not use more than the number of bowls being used during the game. If a player or an umpire notices that a player is using more than the permitted number of bowls, the defaulting player will lose the right to play any bowls remaining to be played in the trial ends.
- 5.1.5 Each player can use any combination of bowls taken from different sets of bowls.
- 5.1.6 The opponents of the team which started the first trial end must start the second trial end.
- 5.1.7 The team which starts the trial end must place the mat, deliver the jack and place the jack on the centre line of the rink at a distance they choose from the mat line (the distance must not be changed during the course of the trial end).
- 5.1.8 When each bowl comes to rest, any player or the marker can remove it and place it towards the front ditch.
- 5.1.9 If a bowl moves the jack, the jack must be put back to its former position.
- 5.2 Tossing for opening play**
- 5.2.1 The coaches in a side game (or, in their absence, representatives of the sides),

skips in a team game or opponents in Singles must toss a coin.

5.2.2 The winner of the toss must choose whether to:

5.2.2.1 place the mat and then deliver the jack and the first bowl; or

5.2.2.2 tell the opposing player to place the mat and deliver the jack and the first bowl (the opposing player cannot refuse).

5.2.3 The option chosen by the coach or representative who wins the toss in a side game will apply to all teams or Singles players (or a combination of teams and Singles players) who make up the side.

5.2.4 If the coin is tossed before the start of the trial ends, the option the winner of the toss chooses will apply to both the first trial end and the first end of the game.

### **5.3 The start of play**

5.3.1 In any game, the start of play is the delivery of the jack by the first player to play in the first end.

5.3.2 In any end, the start of play is the delivery of the jack by the first player to play in that end.

### **5.4 Play in other ends**

In all ends after the first but apart from in

an extra end, the winner of the previous scoring end must place the mat and then deliver the jack and the first bowl.

## **6 Placing the mat**

### **6.1 At the start of each end**

6.1.1 Before the start of play in each end, the player to play first must place the centre line of the mat lengthwise along the centre line of the rink, with the mat line at least 2 metres from the rear ditch and at least 25 metres from the front ditch.

6.1.2 If, before the jack has been delivered, a player or the marker finds that the mat has not been placed as described in law 6.1.1, the player to play first must correctly position the mat.

6.1.3 If, after the jack has been delivered but before the first bowl is delivered, a player or the marker finds that the mat line has not been positioned within the distances described in law 6.1.1, the opposing player must place the mat as described in law 6.1.1 and re-deliver the jack, making sure that it is centred, but the opposing player must not play first.

6.1.4 After the first player to play has delivered the first bowl, no-one has the right to

challenge the legality of the original distance of the mat line from the rear and front ditches.

6.1.5 If one or more groundsheets are to be used (outdoor play only), the following will apply:

6.1.5.1 The Controlling Body must consult the nominated greenkeeper before deciding where the groundsheets will be placed. The position must be in line with definition C.12.

6.1.5.2 The Controlling Body can make the decision to use groundsheets either before the start of play or at any time during play.

6.1.5.3 The groundsheets must be securely fastened to the surface of the green using flat-headed pins (or an equivalent) that do not stick up from the surface.

6.1.5.4 The groundsheets must stay in the same position until the end of the game or until the Controlling Body decides that they are no longer needed.

6.1.5.5 The mat line must be placed on the rear edge of the groundsheet.

6.1.5.6 For domestic play, Member National Authorities can decide the requirements for using portable groundsheets as an

alternative to the fixed groundsheets mentioned in this law.

## **6.2 During each end**

After the start of play in any end, the mat must not be moved from its original position except in the following circumstances.

- 6.2.1 If the mat is displaced, it must be replaced in its original position.
- 6.2.2 If the mat is out of line with the centre line, it must be straightened on that line.
- 6.2.3 If the mat is off the centre line, it must be moved to that line.
- 6.2.4 If a player picks up the mat before the end has been completed, an opposing player must replace the mat in its original position.
- 6.2.5 If a bowl from a neighbouring rink, moving in its original course and on a bias which will take it back into its own rink, is travelling on a path which will bring it into contact with the mat, any player on the rink on which the mat is being used can lift it so that the bowl can pass and then replace the mat in its original position.
- 6.2.6 To gain better grip during adverse weather conditions a player can, before delivering

their bowl, lift the mat, turn it over and replace it in its original position.

- 6.2.7 After the last bowl required to be played in each end has been delivered, a player or the marker must lift the mat and place it completely beyond the face of the rear bank. Opponents in Singles can, however, agree to carry the mat up the rink so that they can use it at the next end.

## **7 Position on the mat**

- 7.1 Before delivery a player must be standing on the mat with all or part of at least one foot on the mat. At the moment they deliver the jack or a bowl, the player must have all or part of one foot on or above the mat.

- 7.2 Before delivery a player using an approved wheelchair must have one wheel on the mat and, at the moment they deliver the jack or a bowl, the player must have all or part of one wheel on or above the mat.

- 7.3 Any player not meeting the terms of this law is committing a foot-fault, and law 8 will apply.

## **8 Foot-faulting**

- 8.1 If the umpire, either by their own observation or on appeal by one of the skips or opponents in Singles, decides

that a player has not met the terms of law 7, the umpire must, on the first occasion, warn the player in the presence of the skip and advise the coach when they are present that a warning has been given.

8.2 On each occasion after this, the umpire must have the player's bowl stopped and declared dead.

8.3 If it has not been possible to stop the bowl and it disturbs the head, the opponent must choose whether to:

8.3.1 replace the head;

8.3.2 leave the head as altered; or

8.3.3 declare the end dead.

8.4 If a player has been given a warning and still fails to meet the terms of law 7 while delivering the jack, law 10.2 will apply.

## **9 Delivering the jack**

9.1 Before the jack is delivered, the mat must be placed as described in law 6.1.1. The player to play first must deliver the jack and make sure that it is centred.

9.2 If the jack in its original course comes to rest less than 2 metres from the front ditch, it must be placed on the centre line of the rink with the nearest point of the jack to the mat line being 2 metres from

- the front ditch. This must be done by:
- 9.2.1 placing the jack at a mark on the centre line of the rink measuring a distance of 2 metres from the front ditch (see diagram B.3.1 in appendix B.3); or
  - 9.2.2 placing the jack alongside the edge of a 2-metre measuring device (for example, a thin wooden batten which is 2 metres long – see diagram B.3.2 in appendix B.3)
- 9.3 If, in its original course, the jack is displaced by one of the other players, law 38.1.1 will apply.
- 9.4 If, in its original course, the jack is displaced by a neutral person or neutral object, law 38.3.1 will apply.
- 9.5 If, before a bowl has been played by each team, a player notices that the wrong team has delivered the jack, the correct team will re-start the end.
- 9.6 If, after a bowl has been played by each team, a player notices that the wrong team has delivered the jack, play in that end must continue in that order.
- 9.7 After the first player to play has delivered the first bowl, no-one has the right to challenge the legality of the original position of the jack.

- 10 Improper delivery of the jack**
- 10.1 The jack has been improperly delivered if it comes to rest:
- 10.1.1 in the ditch;
  - 10.1.2 completely outside the boundaries of the rink;
  - 10.1.3 at a distance of less than 23 metres from the mat line, as measured in a straight line from the centre of the mat line to the nearest point of the jack, after the jack has been centred;
  - 10.1.4 on the rink after contact with the face of the bank; or
  - 10.1.5 on the rink after contact with any object or person completely outside the boundaries of the rink.
- 10.2 If a player improperly delivers the jack, the opposing player must place the mat as described in law 6.1.1 and re-deliver the jack, making sure that it is centred, but the opposing player must not play first.
- 10.3 If the jack is improperly delivered once by each player in any end, it must not be delivered again in that end. Instead, it must be centred with the nearest point of the jack to the mat line being 2 metres from the front ditch, and the mat must be

- placed as described in law 6.1.1 by the first player to play.
- 10.4 If the jack is improperly delivered once by each player and the end is then declared dead, law 20.3 will apply.
- 10.5 For domestic play, Member National Authorities can decide to change the distance mentioned in law 10.1.3 from 23 metres to 21 metres. If a Member National Authority decides to make that change, it must also change:
- 10.5.1 the distance mentioned in laws 19.1.4, 56.5.1, 56.5.2.4, and appendix B.4.2 from 20 metres to 18 metres;
- 10.5.2 the distance mentioned in definition C.12, laws 6.1.1, 49.12, 49.13 and appendices B.2.1, B.4.1 and B.4.2 from 25 metres to 23 metres; and
- 10.5.3 the distance mentioned in law 42.2.2 and appendix B.4.2 from 23 metres to 21 metres.
- 11 Team play**
- 11.1 Number of players**
- A team must consist of two, three or four players in line with definition B.3.
- 11.2 Order of play**
- 11.2.1 The leads must play their bowls in turn,

followed by each pair of players in their order of play.

11.2.2 If a player delivers a bowl before the previous bowl has come to rest,

11.2.2.1 the first time this happens the umpire must:

11.2.2.1.1 warn the player, while the skip is present; and

11.2.2.1.2 tell the coach, if they are present, that the player has received a warning.

11.2.2.2 on each occasion after this, the umpire must declare the player's bowl dead. If that bowl has disturbed the head, the opposing skip or opponent in Singles must choose whether to:

11.2.2.2.1 replace the head;

11.2.2.2.2 leave the head as altered; or

11.2.2.2.3 declare the end dead.

11.2.3 The positions of players within a team must not be changed after the first end has been completed unless the change is necessary because a substitute is introduced as described in law 33.

11.2.4 If players in a team game change positions when law 11.2.3 does not apply, the team will be disqualified and they will forfeit the game to their opponents.

- 11.2.5 If players in a side game change positions within a team when law 11.2.3 does not apply, or if they change teams, the side will be disqualified and they will forfeit the game to their opponents.

### **Section 1.3 – Possession of the rink**

## **12 Position of players**

### **12.1 In relation to the rink of play**

- 12.1.1 Players at the mat-end of the rink who are not delivering a bowl must stand at least 1 metre behind the mat.
- 12.1.2 Players at the head-end of the rink and who are not controlling play must stand:
- 12.1.2.1 behind the jack if they are members of the team which is in possession of the rink;
- 12.1.2.2 behind the jack and away from the head if they are members of the team which is not in possession of the rink;
- 12.1.2.3 on the surrounds of the green if the jack is in the ditch; or
- 12.1.2.4 well clear of the head if it is not possible to stand on the surrounds.
- 12.1.3 As soon as a bowl is delivered, a player who is controlling play from a position that is either level with or in front of the jack,

must take their position as described in law 12.1.2.

12.1.4 If a player does not meet the terms of this law, law 13 will apply.

**12.2 In relation to a neighbouring rink**

12.2.1 A player must not go into a neighbouring rink where play is in progress.

12.2.2 A player must neither go into nor walk along a neighbouring rink, even if it is not being used, while an opponent is about to deliver or is actually delivering a bowl.

12.2.3 If the rink of play is an outside rink (see law 49.6), a player must neither go into nor walk along the section of green that lies between the outside side boundary of the rink and the side ditch while an opponent is about to deliver or is actually delivering a bowl.

12.2.4 If a player does not meet the terms of this law, law 13 will apply.

**13 Possession of the rink**

13.1 Possession of the rink will belong to the player or team whose bowl is being played.

13.2 As soon as each bowl comes to rest, possession of the rink will transfer to the opposing player or team after allowing

time for marking a toucher as soon as it comes to rest.

- 13.3 If the umpire, either by their own observation or on appeal by one of the skips or opponents in Singles, decides that the players in possession of the rink are being interfered with, annoyed or distracted in any way by their opponents,
  - 13.3.1 the first time this happens the umpire must:
    - 13.3.1.1 warn the offending player, while the skip is present; and
    - 13.3.1.2 tell the coach, if they are present, that the player has received a warning.
  - 13.3.2 on each occasion after this, the umpire must have the bowl last played by the offending player or team declared dead. If that bowl has disturbed the head, the opponent must choose whether to:
    - 13.3.2.1 replace the head;
    - 13.3.2.2 leave the head as altered; or
    - 13.3.2.3 declare the end dead.

#### **Section 1.4 – Touchers and dead bowls**

#### **14 Touchers**

- 14.1 A bowl in its original course which touches the jack, even though it comes to rest

in the ditch within the boundaries of the rink of play, is a live bowl and is called a toucher. If a bowl in its original course does not touch the jack, it is called a non-toucher.

- 14.2 A bowl is also a toucher if, after having come to rest:
  - 14.2.1 it falls and touches the jack before the next bowl is delivered; or
  - 14.2.2 in the case of the last bowl of an end, it falls and touches the jack within the period of 30 seconds that applies under law 23.1.
- 14.3 No bowl will become a toucher if it plays onto, or comes into contact with, the jack when the jack is in the ditch.
- 14.4 The position of a toucher in the ditch must be marked by a brightly coloured indicator not more than 50 millimetres wide and not more than 100 millimetres high, and which is fixed vertically either against the face of the bank or on top of the bank, immediately in line with the toucher. As well as the indicator, if the surface of the ditch is sand, lines can be drawn in the sand around the toucher. If the surface of the ditch is vegetation or synthetic, the lines can be drawn with chalk.

## **15 Marking a toucher**

- 15.1 A toucher must be marked with chalk by a member of the team that delivered the bowl or the marker as soon as it comes to rest.
- 15.2 If, in the opinion of either skip or opponent or the marker, a toucher comes to rest in a position in which marking it would be likely to move the bowl or alter the head, the bowl must not be marked but nominated as a toucher instead.
- 15.3 If, before the next delivered bowl comes to rest or, in the case of the last bowl of an end, before a period of 30 seconds that applies under law 23.1, a bowl is neither marked nor nominated, it is no longer a toucher.
- 15.4 If a bowl has been nominated as either a toucher or a non-toucher, and both skips or the opponents in Singles agree that further movement of the bowl means it must no longer be nominated, the bowl must be marked or have its mark removed as appropriate.
- 15.5 If a player fails to remove a mark from a bowl before delivery and that bowl does not become a toucher, a member of the

opposing team or the marker must remove the mark as soon as the bowl comes to rest.

- 15.6 If, in the opinion of either skip or opponent or the marker, a wrongly marked bowl comes to rest in such a position that removing the mark would be likely to move the bowl or alter the head, the mark must not be removed and the bowl must instead be nominated as a non-toucher.

**16 Movement of touchers**

- 16.1 The position of a toucher in the ditch will be validly altered if the toucher is moved by:

16.1.1 a jack in play;

16.1.2 another toucher in play; or

16.1.3 a non-toucher while it is partly on the rink and partly overhanging the ditch, as long as part of the non-toucher is still on the rink when it comes to rest after it has moved the toucher.

- 16.2 If a toucher in the ditch is moved by a non-toucher entering the ditch, law 37.7 will apply.

- 16.3 If, once its position has been marked, there is further valid movement of a toucher in the ditch as described in law 16.1, its new position must be marked as described in

law 14.4 by moving the indicators and removing and redrawing the lines as appropriate.

**17 Dead bowl**

17.1 A bowl is a dead bowl if:

17.1.1 it is not a toucher and comes to rest in the ditch;

17.1.2 it is not a toucher and rebounds onto the rink after contact with the face of the bank or with the jack or a toucher in the ditch;

17.1.3 after completing its original course or after being moved as a result of play, it comes to rest at a distance of less than 14 metres, as measured in a straight line, from the centre of the mat line to the nearest point of the bowl;

17.1.4 it passes completely outside the boundaries of the rink of play after being moved as a result of play;

17.1.5 in its original course, it passes outside a side boundary of the rink on a bias which would prevent it from re-entering the rink of play; or

17.1.6 in its original course, it comes to rest outside a side boundary of the rink even though it may have come to rest in contact with the outside edge of a line jack.

- 17.2 A bowl is not a dead bowl if:
- 17.2.1 it is carried by a player while inspecting the head;
  - 17.2.2 in its original course, it comes to rest within the boundaries of the rink even though it may have passed outside a side boundary of the rink during its course;
  - 17.2.3 it is a toucher which rebounds from the face of the bank onto the rink of play;
  - 17.2.4 it is a toucher which comes to rest on top of the jack or another toucher at rest in the ditch; or
  - 17.2.5 it comes to rest on top of the jack or any bowls that are at rest within the boundaries of the rink.
- 17.3 The skips or opponents in Singles must decide whether a bowl is dead or not as soon as they realise it is necessary. (If the players do not realise that a decision is necessary as soon as the bowl comes to rest, the decision can still be made even if a number of bowls have been played after the bowl in question came to rest.) If they cannot reach agreement, they must ask the umpire to make a decision.
- 17.4 A dead bowl must be removed from the rink of play as soon as it has been declared dead.

## Section 1.5 – Live and dead jack

### **18 Live jack in the ditch**

- 18.1 A jack that is moved by a bowl in play into the front ditch within the side boundaries of the rink of play is a live jack.
- 18.2 The position of a jack in the ditch must be marked by a white indicator, which is not more than 50 millimetres wide and not more than 100 millimetres high and is placed vertically either against the face of the bank or on top of the bank, immediately in line with the jack. As well as the indicator, if the surface of the ditch is sand, lines can be drawn in the sand around the jack. If the surface of the ditch is vegetation or synthetic, the lines can be drawn with chalk.
- 18.3 The position of a jack in the ditch will be validly altered if the jack is moved by either:
- 18.3.1 a toucher in play; or
  - 18.3.2 a non-toucher while it is partly on the rink and partly overhanging the ditch, as long as part of the non-toucher is still on the rink when it comes to rest after it has moved the jack.

- 18.4 If a jack in the ditch is displaced by a non-toucher entering the ditch, law 38.5.3 will apply.
- 18.5 If, once its position has been marked, there is further valid movement of a jack in the ditch (as described in law 18.3), its new position must be marked (as described in law 18.2) by moving the indicators or removing and redrawing the lines as appropriate.
- 19 Dead jack**
- 19.1 If the jack is moved by a bowl in play, it is a dead jack if it:
- 19.1.1 passes above the face of the bank;
- 19.1.2 passes completely outside a side boundary of the rink of play;
- 19.1.3 comes to rest in any hollow in the face of the bank; or
- 19.1.4 comes to rest at a distance of less than 20 metres, as measured in a straight line, from the centre of the mat line to the nearest point of the jack.
- 19.2 A jack is not a dead jack if it comes to rest:
- 19.2.1 on top of a toucher at rest in the ditch; or
- 19.2.2 on top of any bowls that are at rest within the boundaries of the rink.
- 19.3 The skips or opponents in Singles must

decide whether a jack is dead or not as soon as they realise it is necessary. (If the players do not realise that a decision is necessary as soon as the jack comes to rest, the decision can still be made even if a number of bowls have been played after the jack came to rest.) If they cannot reach agreement, they must ask the umpire to make a decision.

19.4 If the jack is dead, the end is a dead end and law 20 will apply. However, Controlling Bodies can decide not to have the end declared dead. Instead, they can decide to have the jack re-spotted in line with law 56.5.

## **20 Dead end**

20.1 A dead end is not counted as a completed end even if all the bowls required to be played have been played.

20.2 A dead end must be replayed in the same direction unless the skips or opponents in Singles agree to play it in the opposite direction. (If the jack and bowls need to be transferred to the opposite end of the rink before the end is replayed, they must be transferred in a way which avoids distracting players on neighbouring rinks.)

20.3 If the skips or opponents in Singles or the umpire declare an end dead, the first to play in that end must also play first when the end is replayed.

**21 Rebounding jack**

The end will continue if:

21.1 when the jack is at rest on the rink, it is driven against the face of the bank and rebounds onto the rink of play; or

21.2 when the jack is at rest in the ditch, it is moved by a toucher and this takes it back onto the rink.

**Section 1.6 – Result of an end**

**22 The shot**

22.1 A shot or shots refers to the bowl or bowls (called shot bowls) which is or are nearer to the jack than the nearest bowl played by the opposing team or opponent in Singles.

22.2 No bowl must be moved until the opponents have agreed whether it is a shot or not, except where a bowl has to be moved so that another bowl can be measured.

22.3 As the shots are agreed, each shot bowl can be removed from the head.

- 22.4 Shot bowls can be placed in a group where they will not interfere with measuring.
- 22.5 If shot bowls have been placed in a group, the number of bowls in the group must be agreed by the opponents.
- 22.6 The skips or the marker where appropriate must be told (or have signalled to them) the number of shots scored in each end.
- 23 Deciding the number of shots scored**
- 23.1 The process of deciding the number of shots scored must not start until the last bowl required to be played in an end has come to rest, or 30 seconds after that if either skip or opponent in Singles asks for this 30-second period (for example, to see whether or not a bowl lying at an angle will fall of its own accord within that time).
- 23.2 If either skip or opponent in Singles has asked for a 30-second period, no bowl which is likely to fall must be secured during that period.
- 23.3 No measuring (that is, the use of equipment, such as that described in law 54, placed between the jack and bowls to decide which bowls are shot) will be allowed before the process of deciding the number of shots scored starts (as described in law

23.1). If a player measures before the process of deciding the number of shots scored starts, the defaulting team will lose the right to play any bowls remaining to be played in that end and the non-defaulting team will deliver their remaining bowls to complete the end.

23.4 All measurements must be made between the nearest points of the jack and the bowl.

23.5 When measuring between a jack in the ditch and a bowl on the green or a jack on the green and a bowl in the ditch, the measurement must be carried out using a flexible or string measure whenever possible.

23.6 At any time during the process of deciding the number of shots scored:

23.6.1 if a bowl is likely to fall, either opponent can use the best available means to secure it in its position;

23.6.2 if a bowl needs to be measured and it is currently resting on another bowl which is interfering with the measurement in any way, any player must use the best available means to secure the resting bowl in its position and then remove the other bowl;

- 23.6.3 if a bowl falls of its own accord, it must be left in its new position while deciding the number of shots scored continues, and all the shots agreed before the bowl fell will count;
- 23.6.4 if a bowl is displaced by the equipment being used during measuring, law 37.4 will apply; and
- 23.6.5 if the jack is displaced by the equipment being used during measuring, law 38.4 will apply.
- 24 No shot scored – tied end**
- 24.1 There will be no shot scored by either team if it is agreed that:
- 24.1.1 the nearest bowl of each team is touching the jack;
- 24.1.2 the nearest bowl of each team is the same distance from the jack; or
- 24.1.3 no live bowls are left within the boundaries of the rink of play.
- 24.2 The end must be declared tied and recorded on the score card as a completed end.
- 24.3 Following a tied end, law 5.4 will apply.
- 24.4 If, however, the first end is a tied end, the first to play in that end must also play first in the second end.

**25**

**Delivering the final bowl of an end**

It is not compulsory for the last player to play in any end to deliver the final bowl of the end, but the player must tell the opposing skip or opponent in Singles of the decision not to deliver the final bowl before the process of deciding the number of shots scored starts (as described in law 23.1). This decision is final.

**Section 1.7 – Game decisions**

**26**

**Games played on one occasion**

26.1

In Singles games, team games or side games played on one occasion or at any stage of a knockout (eliminating) competition, victory will be awarded to the player, team or side that, when the game finishes and in line with the Conditions of Play, has:

26.1.1

the highest total score of shots;

26.1.2

the highest number of ends won;

26.1.3

the highest number of sets; or

26.1.4

a combination of the highest total score of shots, the highest number of ends won and the highest number of sets as decided by the Controlling Body.

- 26.2 If competitions or games are played for a fixed length of time, the Controlling Body will be responsible for making sure that Conditions of Play are in place to cover these competitions or games.
- 27 Tournament games and games in a series**
- 27.1 In tournament games or games in a series, victory will be awarded to the player, team or side that, when the tournament or series of games finishes and in line with the Conditions of Play, has:
- 27.1.1 the highest number of games won; or
- 27.1.2 the highest net total of shots.
- 27.2 The Controlling Body will be responsible for making sure that Conditions of Play are in place to decide the winner if, in line with the Conditions of Play mentioned in law 27.1, two or more players, teams or sides are equal.
- 27.3 If two or more players, teams or sides are equal in line with the Conditions of Play mentioned in law 27.1, points can be awarded for games won or drawn. The player, team or side with the highest number of points will be declared the winner.
- 27.4 If points are equal, the Controlling Body

will divide the total of shots scored against each player, team or side into the total of shots it has scored. The player, team or side with the highest result will be declared the winner.

27.5 The Controlling Body has the power to include in its Conditions of Play regulations for deciding the winners of tournament games and games in a series which are different from those mentioned in laws 27.1, 27.2, 27.3 and 27.4.

**28 A drawn game in a knockout (eliminating) competition**

28.1 In a knockout (eliminating) competition with a fixed number of ends, if the scores are equal when all ends have been played, an extra end must be played to decide the result.

28.2 The coaches in a side game (or, in their absence, representatives of the sides), skips in a team game or opponents in Singles must toss a coin and the winner will decide who must play first as described in laws 5.2.2 and 5.2.3.

28.3 The extra end must be played from where the previous end was completed. If, before a bowl has been played by each team, a

player or the umpire notices that the extra end is being played in the wrong direction, it will be restarted in the correct direction. If a bowl has been played by each team, play in that end will continue.

28.4 If an extra end is completed and the scores are still equal, another extra end must be played.

28.5 If more than one extra end is needed, the coaches or representatives, skips or opponents must again toss a coin, and the winner will decide who must play first.

28.6 If an extra end is declared dead, law 20.3 will apply.

## **Section 2 – Game anomalies**

### **Section 2.1 – Irregularities affecting play**

29 Irregularities during play

29.1 Playing out of turn

29.1.1 If a player plays out of turn, the opposing skip can stop the bowl and return it to the player to play it in the proper order.

29.1.2 If the bowl has come to rest and has not disturbed the head, the opposing skip must choose whether to:

- 29.1.2.1 leave the head as it is and have their team play two bowls one after the other to get back to the proper order of play; or
- 29.1.2.2 return the bowl and get back to the proper order of play.
- 29.1.3 If the bowl has disturbed the head, the opposing skip must choose whether to:
  - 29.1.3.1 leave the disturbed head as it is and have their team play two bowls one after the other to get back to the proper order of play;
  - 29.1.3.2 replace the head in its former position, return the bowl and go back to the proper order of play; or
  - 29.1.3.3 declare the end dead.
- 29.2** **Playing another player's bowl**
  - 29.2.1 If a player plays another player's bowl instead of their own, the other player's bowl must be replaced with the player's own bowl.
  - 29.2.2 If the bowl which was replaced was marked or nominated as a toucher, the player's own bowl must be marked or nominated as a toucher.
- 29.3** **Changing bowls**
  - 29.3.1 If a player changes their set of bowls during an uninterrupted game, or during a

game that has been stopped as described in law 32 and continued on the same day, the game must be forfeited to the opponent unless the player changes their set because a bowl has been damaged (see law 31).

29.3.2 If a game that has been stopped as described in law 32 is continued on another day, a player can use a different set of bowls to the set they used during the game that was stopped.

## **29.4 Failing to play**

29.4.1 If the result of an end has been agreed or the process of deciding the number of shots scored has started (as described in law 23.1), a player who has failed to play a bowl (either deliberately or accidentally) will lose the right to play the bowl.

29.4.2 If a bowl has been played by each team before the players discover that one of them has failed to play a bowl in the proper order, that player will lose the right to play the bowl.

## **30 Damaged jack**

30.1 If the jack is damaged during the course of play, the umpire must decide if a replacement jack is needed.

30.2 If a replacement jack is needed, the end will be declared dead and law 20 will apply.

**31 Damaged bowls**

31.1 If a bowl is damaged during the course of play, the umpire must decide if a replacement bowl is needed.

31.2 If a bowl that has been struck by another bowl during the course of play splits into pieces, the end must be declared dead.

31.3 In the circumstances described in laws 31.1 and 31.2, the damaged bowl must be replaced by another bowl from the same set before the start of the next or replayed end as appropriate.

31.4 If a bowl at rest in the rink of play splits into pieces without having been struck by another bowl, the bowl must be replaced with another bowl from the same set and the end continued.

31.5 If a damaged bowl cannot be replaced by another bowl from the same set, all bowls in the damaged set must be replaced with bowls from a different set.

## Section 2.2 – Factors affecting play

### **32 Game stoppages**

- 32.1 If a game is stopped because of darkness, weather conditions or any other valid reason by:
  - 32.1.1 the Controlling Body;
  - 32.1.2 the umpire after an appeal has been made by the players; or

- 32.3 If all the required bowls in an end have been played but the process of deciding the number of shots scored (as described in law 23) has not been completed, the number of shots scored must be decided before the game stops.

- 32.4 Substitutes in a game that is being continued after a stoppage.
- 32.4.1 If any one of the original players in a team is not available, one substitute will be allowed as described in law 33.

- 33 Leaving the green during the course of play**
- 33.1 No player must delay play by leaving the rink of play or their team unless their opponent agrees, and then only for no more than 10 minutes.
- 33.2 If a player has to leave the green during the course of a team or side game due to illness or some other reasonable cause, and they cannot return within 10 minutes, the umpire or the Controlling Body can approve the introduction of a substitute.

- 33.4 The substitute must play in any position other than skip, and the other members of the team can rearrange their positions as necessary.

the green, in the ditch, on the jack, on a bowl or anywhere else to help a player.

**35 Unforeseen incidents**

If, during the course of play, the position of the jack or a bowl is altered by the wind, a storm or any other unforeseen incident, the skips or opponents in Singles must put the jack or bowl back to its former position. If they cannot agree on the jack's or bowl's former position, they must declare the end dead.

**36 Deliberate non-sporting action**

36.1 If an opponent, the coach in a side game, the umpire or the Controlling Body decides that a player has deliberately committed an act designed to give them or their team an unfair advantage, they can appeal to the Controlling Body.

36.2 If an appeal is made, it must be made to the Controlling Body no later than 24 hours after the final end in the game affected is completed.

36.3 The person making the appeal must take immediate steps to send details to the Secretary of the Controlling Body who must arrange for it to be dealt with in line with their code of conduct and disciplinary procedures.

- 40.1.3 If the skips need to check any part of the Laws of the Sport of Bowls before

reaching a decision, they must ask the umpire for an explanation.

40.1.4 If the umpire considers that a decision reached by the skips is not in line with the Laws of the Sport of Bowls, the umpire must overrule that decision so that it is in line with the laws.

40.1.5 If the skips cannot reach agreement on any disputed point, they must ask the umpire to make a decision. The umpire's decision is final.

40.1.6 If the Controlling Body has not appointed an umpire, the skips must choose a competent neutral person to act as the umpire.

- 40.1.9 For domestic play, Member National Authorities can transfer the skip's duties described in law 40.1.7 to other members of the team. However, they must make sure that the duties are transferred to players whose positions, in order of play, are the same in each team.
- 40.1.10 Skips can, at any time, delegate their own powers and any of their own duties (except those described in law 40.1.7) to any other members of the team as long as they tell the opposing skip immediately.

- 41.4.3 tells the player where the jack or a bowl came to rest.
- 41.5 A player who has a physical disability will be allowed to use a support or an artificial device (or both) when delivering the jack or a bowl, or when walking on the green. The support must have a base covered with rubber or a similar material. This

base must measure at least 76 millimetres across, and it can be placed on or next to the mat.

- 43.2.5 The umpire must make sure that all aspects of play are in line with the Laws of the Sport of Bowls.

- 45.3 They must not disturb or advise the players in any way.
- 45.4 If, in the umpire's opinion, this law has been broken, the umpire must ask the spectator or spectators concerned to stay within the law. If they do not stay within the law, the umpire must ask the Controlling Body to take immediate action to make sure that the offender stops breaking this law, including escorting the offender away from the area immediately surrounding the green or away from the venue as appropriate.
- 45.5 Betting or gambling on any game or games will not be allowed or take place within the grounds of any club. (See World Bowls Regulations, Part VIII – Betting and match-fixing.)

## Section 4 – Field of play and equipment

### Section 4.1 – The green, ditch, banks and rinks

#### **46 The green**

- 46.1 The green must be either rectangular or square.
- 46.2 The length of the green in the direction of play must be between 31 metres and 40 metres.
- 46.3 The green must have a suitable level playing surface.
- 46.4 The playing surface must be either vegetation or a synthetic surface approved by a Member National Authority.
- 46.5 For domestic play, Member National Authorities can decide the standards for greens constructed in line with previous editions of this law.

#### **47 The ditch**

- 47.1 The green must be surrounded by a ditch.
- 47.2 The ditch must be:
  - 47.2.1 between 200 millimetres and 380 millimetres wide; and
  - 47.2.2 between 50 millimetres and 200 millimetres deep.
- 47.3 The ditch must have a holding surface

which is free from obstacles and made of a material which will not damage the jack or the bowls.

- 47.4 For indoor greens and outdoor greens where play is possible in only one direction, only the end ditches in the direction of play must meet the standards mentioned in laws 47.2 and 47.3.

**48 The bank**

- 48.1 The ditch must have a bank against its outer edge.
- 48.2 The top of the bank must be at least 230 millimetres above the surface level of the green.
- 48.3 The bank must be vertical and set at a right angle (90°) to the surface of the green, or sloped at an angle of not more than 35° from the vertical (see diagrams B.1.1, B.1.2 and B.1.3 in appendix B.1).
- 48.4 The surface of the face of the bank must be made of, or be covered with, a material which will not damage the jack or the bowls.
- 48.5 There must be no steps that could interfere with play either cut into or positioned against the face of the bank.
- 48.6 If advertising banners are fixed to the

face of the bank, they must be made of a material which will not damage the jack or the bowls. Also, they must be fixed in a way that makes sure the specifications for the ditch and the bank, as described in laws 47 and 48, still apply. The banners will be considered to be part of the face of the bank for all purposes within the laws.

**49 Division of the green**

The green must be divided into sections called rinks.

49.1 The rinks must be:

49.1.1 between 4.3 metres and 5.8 metres wide for outdoor play; and

49.1.2 between 4.6 metres and 5.8 metres wide for indoor play.

Wherever possible, all rinks on a green must be the same width. For domestic play, Member National Authorities can decide the standard for the minimum width of a rink.

49.2 The rinks must be numbered in order, with the centre of each rink being marked on the bank at each end by a peg, disc or other suitable device that has the rink number on it and is fixed vertically:

49.2.1 to the face of the bank and flat against it; or

- 49.2.2 on the top of the bank not more than 100 millimetres back from its face; or
- 49.2.3 on the wall behind the bank (for indoor play only).
- 49.3 The four corners of the rinks must be marked by white or brightly coloured boundary pegs that are fixed vertically:
  - 49.3.1 to the face of the bank and flat against it; or
  - 49.3.2 on the top of the bank not more than 100 millimetres back from its face.
- 49.4 The boundary pegs must be:
  - 49.4.1 not more than 50 millimetres wide and not more than 430 millimetres high if they are fixed to the face of the bank of an outdoor green; or
  - 49.4.2 not more than 25 millimetres wide and not less than 600 millimetres high if they are fixed on the top of the bank of either an outdoor or an indoor green (although this height limitation does not apply to flexible boundary pegs containing a spring or similar mechanism in their base that allows them to bend on contact with an object or person); or
  - 49.4.3 not more than 25 millimetres wide and the centre of the peg must be clearly marked

- by a thin black vertical line if they are fixed to the face of the bank of an indoor green.
- 49.5 For domestic play, Member National Authorities can decide:
- 49.5.1 the standards for boundary pegs made in line with previous editions of this law; and
- 49.5.2 the requirements for thin black vertical lines marking the centres of boundary pegs that are fixed to the face of the bank of an outdoor green or fixed on the top of the bank of either an outdoor or an indoor green.
- 49.6 The boundary pegs of an outside rink must be:
- 49.6.1 at least 600 millimetres from the side ditch for outdoor play; and
- 49.6.2 at least 460 millimetres from the side ditch for indoor play.
- 49.7 If a boundary peg is not vertical, it must be put so before a player or the umpire decides whether or not a jack or a bowl is within the boundary. (The requirement to put the peg vertical need not apply if the umpire uses a boundary scope to make the decision.)
- 49.8 If a player or the umpire finds a boundary peg in the wrong position, they must not

move it until the end has been completed on any rinks affected. The peg must then be correctly positioned by the umpire or by agreement between the skips or opponents in Singles on the rinks affected.

49.9 For outdoor play, the side boundary of the rink of play can be marked by connecting the boundary pegs with a green thread drawn tightly along the surface of the green, leaving enough loose thread to reach the corresponding pegs on the face or on the top of the bank. For domestic outdoor play, Member National Authorities can decide not to use boundary threads.

49.10 The boundary thread (see law 49.9) must not be lifted or held down when the jack or a bowl is in its original course or in motion.

49.11 Pegs, discs and other types of markers used to mark the centre and corners of the rinks must be made of a material which will not damage the jack or bowls.

49.12 White or brightly coloured pegs, discs or other suitable markings must be fixed or marked vertically against the face of the side banks or fixed on top of the side banks in the direction of play to mark distances of 2 metres and 25 metres from

the end ditches (see diagram B.4.1 in appendix B.4). Wherever possible, these must be the only pegs, discs or markings visible on the side banks.

49.13 The centre line of each rink can be marked along the surface of the green starting 2 metres from each end ditch and finishing at any point up to, but not less than, 25 metres from the opposite end ditch (see diagram B.2.1 in appendix B.2).

49.14 The centre line of the rink can be marked at a distance of 2 metres from each end ditch (see diagram B.2.2 in appendix B.2). The mark can be:

49.14.1 lines drawn in the form of a 'T'; or

49.14.2 a small piece of suitable material inserted immediately below the surface of the green (for outdoor play only).

49.15 If part of the green is used for spectators, side ditches do not have to be used, but the distance markers on the side banks must be brought forward and fixed appropriately. They must be clearly visible to the players.

49.16 While there is temporary seating on the green, there must be a completely unrestricted area of the green that is at

least 900 millimetres wide between the seated area and the outside boundary of the nearest rink.

## **Section 4.2 – Equipment: mat, jack, bowls and measures**

### **50 Mat**

The mat must be 600 millimetres long and 360 millimetres wide.

### **51 Jack**

51.1 The jack must be a solid sphere (ball shaped) and either white or yellow.

51.2 For outdoor non-synthetic greens, the jack must:

51.2.1 measure between 63 millimetres and 64 millimetres across (the diameter); and

51.2.2 weigh between 225 grams and 285 grams.

51.3 For outdoor synthetic greens and indoor greens, the jack must:

51.3.1 measure between 63 millimetres and 67 millimetres across (the diameter); and

51.3.2 weigh between 382 grams and 453 grams.

### **52 Bowls**

#### **52.1 Specifications**

52.1.1 Bowls must be made of wood (lignum vitae), rubber or plastic resin (called

- composition or plastic bowls) and must be any colour or combination of colours approved by WB. The basic colours are added during the manufacturing process.
- 52.1.2 Indentations designed to help the player grip the bowl during delivery (for example, grooved rings or dimples) can be incorporated during the manufacturing process. They can also be added at a later date, but only by a Licensed Manufacturer or a Licensed Tester.
- 52.1.3 Each set of bowls can carry a player's individual emblem, logo or engraving as a distinguishing mark inside the smallest grooved ring on both sides of every bowl.
- 52.1.4 The requirement for distinguishing marks applies to all bowls used in International Events, World Bowls Championships and Commonwealth Games.
- 52.1.5 For domestic play, Member National Authorities can decide the requirements for distinguishing marks.
- 52.1.6 Bowls made of wood must:
- 52.1.6.1 measure between 116 millimetres and 134 millimetres across at their widest points; and
- 52.1.6.2 weigh up to 1.59 kilograms.

- 52.1.7 Bowls made of rubber or plastic resin must:
- 52.1.7.1 measure between 116 millimetres and 131 millimetres across at their widest points; and
- 52.1.7.2 weigh up to 1.59 kilograms.
- 52.1.8 The Controlling Body can supply adhesive (stick-on) markings for players to temporarily fix to both sides of their bowls, or allow players to use their own markings. When these markings are used:
  - 52.1.8.1 they are part of the bowl for all purposes under the Laws of the Sport of Bowls;
  - 52.1.8.2 there must be only one layer of markings fixed to either side of the bowl;
  - 52.1.8.3 they must not be put over the serial number and the World Bowls Stamp which are present on the bias side of the bowl; and
  - 52.1.8.4 all bowls belonging to players within a team or side must have these markings on them and the markings must all be the same design and colour. However, players may use markings which are different in size from those used by other players in their team or side where this is necessary due to differences in the sizes of the manufacturers' rings on the bowls.

- 52.1.8.5 If opposing teams or sides have the same design or colour of markings and an alternative is not available, players in the team or side listed second in the draw must remove their markings.
- 52.1.9 In all games, each player must play with the appropriate number of bowls from the same set.
- 52.2 Bias of bowls**
- 52.2.1 A Working Reference Bowl will have a bias approved by WB. All bowls must have a bias that is not less than that of a Working Reference Bowl and must be imprinted with the registered World Bowls Stamp.
- 52.2.2 To check the accuracy of the bias and the visibility of the World Bowls Stamp, all bowls must be re-tested and re-stamped at least once every 10 years, or earlier if the date of the stamp is not clearly legible.
- 52.2.3 For domestic play, Member National Authorities can decide the requirements for re-testing and re-stamping bowls.
- 52.3 Alteration to bias**
- 52.3.1 A player must not alter, or cause to be altered other than by a Licensed Tester, any bowl imprinted with the registered World Bowls Stamp in any way that would

- alter the bias of the bowl.
- 52.3.2 Any player breaking this law will be suspended from playing for as long as the Member National Authority of which the player's club is a member decides.
- 52.3.3 The Member National Authority which suspended the player must give WB details of the suspension, and the suspension will apply among all Member National Authorities.
- 52.3.4 Players or owners who colour the grooved rings or dimples on a bowl for decoration are not breaking this law.
- 52.4 Lodging a challenge to bowls**
- 52.4.1 Any challenge to bowls must be based on the grounds that they do not meet one or more of the requirements of laws 52.1 and 52.2.
- 52.4.2 A challenge can be lodged by a player, the coach in a side game, the umpire or the Controlling Body.
- 52.4.3 No challenge, or notice that a challenge will be made, must be lodged during the trial ends or during a game. If the person making such a challenge is a player, that person will be disqualified and the game will be forfeited to the opponent.

- 52.4.4 If a challenge is lodged:
- 52.4.4.1 it must be lodged with the umpire or the Controlling Body;
- 52.4.4.2 it must be made not later than 10 minutes after the final end in which the bowls were used is completed; and
- 52.4.4.3 the person making the challenge, if they are an opponent or the coach in a side game, must pay a deposit to the umpire or the Controlling Body for a fixed amount decided each year by WB or the relevant Member National Authority.
- 52.4.5 Once a challenge is lodged and the deposit paid, it cannot be withdrawn.
- 52.5 Following up a challenge to bowls**
- 52.5.1 The umpire or the Controlling Body must ask the player using the bowls concerned (the user) or the person who owns the bowls concerned (the owner) to hand over the set of bowls so that the Controlling Body can send them for testing by a Licensed Tester.
- 52.5.2 Bowls sent for testing must be in sets of four.
- 52.5.3 The bowls do not have to be sent to a Licensed Tester if the challenge relates to the bowls not meeting the requirements of

law 52.1.9. In this case, the challenge can be dealt with by the Controlling Body (for example, by checking the serial numbers).

52.5.3.1 If the Controlling Body finds that the bowls meet the requirements of law 52.1.9, law 52.5.7 will apply.

52.5.3.2 If the Controlling Body finds that the bowls do not meet the requirements of law 52.1.9, law 52.6.1.3 will apply.

52.5.4 If the user or owner of the challenged set of bowls refuses to hand the whole set over to the umpire, the game will be forfeited to the opponent.

52.5.5 Neither the user nor the owner must use the challenged set of bowls in any game controlled or permitted by the Controlling Body until the set of bowls has been tested by a Licensed Tester.

52.5.6 When the umpire has received the challenged set of bowls, they must take immediate steps to pass the set to the Secretary of the Controlling Body who must arrange for them to be tested by a Licensed Tester as soon as possible. The test must be carried out in the presence of representatives of any of the following: WB, the Member National Authority, the

Controlling Body, and the user or owner if they want to attend.

52.5.7 If a Licensed Tester finds that the challenged set of bowls meets the requirements of laws 52.1 and 52.2:

52.5.7.1 the set of bowls must be returned to the user or owner by the Controlling Body; and

52.5.7.2 the person who lodged the challenge must lose their deposit and pay the Controlling Body for all expenses in having the tests done.

## **52.6 Bowls failing a test**

52.6.1 Failing a test as a result of a challenge being lodged (see law 52.4)

52.6.1.1 If a Licensed Tester finds that a bowl does not meet the requirements of laws 52.1 or 52.2, they must alter the bowl as necessary before returning it.

52.6.1.2 If a Licensed Tester cannot alter a bowl to meet the requirements of laws 52.1 and 52.2, they must cancel any current stamp imprinted on the bowl by stamping an 'X' over it before returning it.

52.6.1.3 If a Licensed Tester tests a challenged set of bowls and finds that they do not meet the requirements of laws 52.1 and 52.2:

- 52.6.1.3.1 the game in which they were used must be forfeited to the opponent;
- 52.6.1.3.2 the deposit must be returned to the person who lodged the challenge; and
- 52.6.1.3.3 the user or owner of the set of bowls must pay the Controlling Body for all expenses in having the tests done.
- 52.6.2 Failing a test as a result of routine re-testing (see law 52.2.2)
- 52.6.2.1 If a Licensed Tester finds that a bowl does not meet the requirements of laws 52.1 or 52.2, the user or owner of the set of bowls must choose whether to:
  - 52.6.2.1.1 have the Licensed Tester alter the bowl as necessary before returning it; or
  - 52.6.2.1.2 leave the bowl unaltered and have the Licensed Tester cancel any current stamp imprinted on the bowl by stamping an 'X' over it before returning it.
- 52.6.2.2 If a Licensed Tester cannot alter a bowl to meet the requirements of laws 52.1 and 52.2, they must cancel any current stamp imprinted on the bowl by stamping an 'X' over it before returning it.
- 53 Bowls: World Bowls Stamp**
- 53.1 Licensed Manufacturers and Licensed Testers are entitled to imprint the

registered World Bowls Stamp between the inner and outer rings of bowls. Imprints on the running surfaces of bowls must be avoided wherever possible.

<b>WB</b>	World Bowls
<b>A</b>	is the code letter of the Licensed Manufacturer or the Licensed Tester
<b>Numbers</b>	is the year that the stamp expires (in this example, 2017)
<b>R</b>	shows that the stamp is a registered trademark
53.2	The current World Bowls Stamp was introduced on 1 April 2002 and must be used on all new and re-tested bowls from that date.
53.3	Both the International Bowling Board (IBB) and the World Bowls Board (WBB) stamps, which were used before the

current World Bowls Stamp, will be valid until the end of the year that the stamp expires. (For example, the stamp in the above illustration would not be valid after 31 December 2017.)

53.4 If bowls are imprinted with the registered World Bowls Stamp and are in line with the Laws of the Sport of Bowls in all other ways, they can be used in all games under the control of WB or any Member National Authority.

53.5 For domestic play, Member National Authorities can decide the requirements for the stamps on bowls.

#### **54 Measuring equipment**

The umpire must bring, or be provided with by the club on whose green the game is being played, suitable equipment to carry out the duties described in law 43.

This equipment must at least include:

54.1 a copy of the current Laws of the Sport of Bowls;

54.2 a tape measure at least 25 metres long;

54.3 equipment for measuring between the jack and bowls when the distances between them are beyond the range of a flexible measure (for example, a string measure);

- 54.4 a flexible measure (for example, a box measure or a bullet measure);
- 54.5 callipers;
- 54.6 feeler gauges;
- 54.7 wedges (for supporting leaning bowls); and
- 54.8 equipment (for deciding whether or not the jack or a bowl is within the side boundary of the rink when the side boundary is not marked by a green thread as described in law 49.9) such as:
  - 54.8.1 a portable, retractable line;
  - 54.8.2 a mirror and a square (both with a levelling bubble);
  - 54.8.3 a liner siter; or
  - 54.8.4 a boundary scope.

## **Section 5 – Administration**

### **Section 5.1 – Playing formats**

- 55** **Formats of play**
- 55.1** **World events and Commonwealth Games**
- 55.1.1 Singles will be 21 shots (shots scored over 21 will not be counted), sets play or any other format decided beforehand by

WB. Four bowls will be played, with each player playing in turn.

55.1.3 For Triples, two or three bowls can be played, with each player playing in turn. The format of play will be 18 ends (each player plays two bowls), 15 ends (each player plays three bowls), sets play, or any other format decided beforehand by WB.

55.1.4 Fours will be 18 ends, sets play or any other format decided beforehand by WB. Two bowls must be played, with each player playing in turn.

55.1.5 There can be a time limit on play. The Controlling Body will decide the time limit before the game begins. The game will end:

55.1.5.1 when the pre-arranged number of shots has been scored;

55.1.5.2 when the pre-arranged number of ends has been completed; or

55.1.5.3 if an end is in progress when a pre-arranged time limit is reached, when that end has been completed.

- 55.1.6 The Controlling Body has the power to include in its Conditions of Play regulations for introducing substitutes which are different from those described in laws 32 and 33, if that Controlling Body decides that this is essential to successfully carry out its Championship. The Controlling Body can also decide on the regulations for introducing reserve or replacement players to take the place of players who cannot play in any round after the first round.
- 55.1.7 Changing the programme  
The Controlling Body has the power to alter or amend the programme of the Championship as it considers necessary or appropriate if the weather or other conditions are unsuitable. The Controlling Body can also suspend play temporarily in any game or abandon any game, and it can also alter any of the conditions of its programme if it decides that this is essential to successfully carry out or finish the Championship.
- 55.2 International events**
- 55.2.1 Singles will be 21 shots (shots scored over 21 will not be counted), sets play or

any other format agreed beforehand by WB. Four bowls will be played, with each player playing in turn.

55.2.2 Pairs will be 18 ends, sets play or any other format agreed beforehand by WB. Two, three or four bowls can be played, with each player playing in turn.

55.2.3 For Triples, two or three bowls can be played, with each player playing in turn. The format of play will be 18 ends (each player plays two bowls), 15 ends (each player plays three bowls), sets play, or any other format decided beforehand by WB.

55.2.4 Fours will be 18 ends, sets play or any other format agreed beforehand by WB. Two bowls must be played, with each player playing in turn.

55.2.5 The formats of play for Singles, Pairs, Triples and Fours which are played as part of a side game will be the same as those described in laws 55.2.1, 55.2.2, 55.2.3 and 55.2.4 as appropriate.

55.2.6 There can be a time limit on play. The Controlling Body will decide the time limit before the game begins. The game will end:

- 55.2.6.1 when the pre-arranged number of shots has been scored;
- 55.2.6.2 when the pre-arranged number of ends has been completed; or
- 55.2.6.3 if an end is in progress when a pre-arranged time limit is reached, when that end has been completed.
- 55.2.7 The Controlling Body has the power to include in its Conditions of Play regulations for introducing substitutes which are different from those described in laws 32 and 33, if that Controlling Body decides that this is essential to successfully carry out its Championship. The Controlling Body can also decide on the regulations for introducing reserve or replacement players to take the place of players who cannot play in any round after the first round.
- 55.2.8 Changing the programme  
The Controlling Body has the power to alter or amend the programme of the Championship as it considers necessary or appropriate if the weather or other conditions are unsuitable or, in the case of indoor play, if there is a power failure and the lighting is affected. The Controlling

Body can also suspend play temporarily in any game or abandon any game, and it can also alter any of the conditions of its programme if it decides that this is essential to successfully carry out or finish the Championship.

**55.3 Domestic events**

- 55.3.1 The formats of play for Singles, Pairs, Triples, Fours and side games will be decided by the Controlling Body.
- 55.3.2 There can be a time limit on play. The Controlling Body will decide the time limit before the game begins. The game will end:
  - 55.3.2.1 when the pre-arranged number of shots has been scored;
  - 55.3.2.2 when the pre-arranged number of ends has been completed; or
  - 55.3.2.3 if an end is in progress when a pre-arranged time limit is reached, when that end has been completed.
- 55.3.3 The Controlling Body has the power to include in its Conditions of Play regulations for introducing substitutes which are different from those described in laws 32 and 33, if that Controlling Body decides that this is essential to successfully carry

out its Championship. The Controlling Body can also decide on the regulations for introducing reserve or replacement players to take the place of players who cannot play in any round after the first round.

55.3.4 Changing the programme

The Controlling Body has the power to alter or amend the programme of the event as it considers necessary or appropriate if the weather or other conditions are unsuitable or, in the case of indoor play, if there is a power failure and the lighting is affected. The Controlling Body can also suspend play temporarily in any game or abandon any game, and it can also alter any of the conditions of its programme if it decides that this is essential to successfully carry out or finish the event.

**56 Sets play**

**56.1 Format of play**

56.1.1 Competitions played in the sets format must consist of sectional play, knockout (eliminating) play or a combination of both.

56.1.2 Each game must be played over the better of two sets, with each set consisting

of nine ends or any other format agreed beforehand by the Controlling Body.

56.1.3 The winner of a set will be the player or team with the highest number of shots when the ninth end is completed.

56.1.4 If the shot scores are tied after the ninth end of a set, the set will be a draw.

56.1.5 During sectional play, all nine ends of a set must be completed.

56.1.6 During knockout play, there must be no further play in a set if, at any point, it becomes impossible for one player or team to draw or win the set, given the number of ends left.

## **56.2 Tie-breaker**

56.2.1 If the game is tied after the two sets have been completed (each player or team having won one set or both sets having been drawn), a tie-breaker consisting of three ends must be played to decide the winner.

56.2.2 The winner of the tie-breaker will be the player or team with the highest number of shots when the third end is completed.

56.2.3 There must be no further play in the tie-breaker if, at any point, it becomes impossible for one player or team to draw

or win the tie-breaker, given the number of ends left.

56.2.4 If the shot scores are tied after the third end of the tie-breaker, the players or teams must play a fourth tie-breaker end to decide the winner.

56.2.5 If the fourth end of a tie-breaker is a tied end, the players or teams will play more tie-breaker ends until a winner is found.

### **56.3 Winners of sectional play**

56.3.1 Points will be awarded as follows.

56.3.1.1 Three game points will be awarded for each game won. No game points are awarded for any game lost.

56.3.1.2 One set point will be awarded for each set won. A half set point will be awarded for each set drawn. No set points are awarded for any set lost. (The tie-breaker is not a set.)

56.3.1.3 If a game is forfeited, the non-offending player or team will be awarded three game points, two set points and a net total of shots that is equal to the average net total of shots scored by the winners of all other games played in the same round of the same section.

56.3.2 Section winners will be decided as follows.

- 56.3.2.1 Highest number of game points scored.
- 56.3.2.2 If game points are equal, the player or team with the highest number of sets won.
- 56.3.2.3 If game points and sets won are equal, the player or team with the highest net total of set points over all games in the section.
- 56.3.2.4 If game points, sets won and net totals of set points are equal, the player or team with the highest net total of shots over all games in the section (not including tie-breaker ends).
- 56.3.2.5 If game points, sets won, net totals of set points and net totals of shots are equal, the player or team that won the game between the players or teams that are equal.
- 56.4 First to play**
- 56.4.1 First set: the skips or opponents in Singles must toss a coin and the winner of the toss has the options described in law 5.2.2.
- 56.4.2 Second set: the winner of the first set must place the mat and then deliver the jack and the first bowl. If the first set is a draw, the winner of the last scoring end in that set must place the mat and then deliver the jack and the first bowl.
- 56.4.3 First, fourth and any further ends of a tie-breaker: the skips or opponents in Singles

must toss a coin and the winner of the toss has the options described in law 5.2.2.

- 56.4.4 In all ends after the first in each set (including tie-breaker ends), the winner of the previous scoring end must place the mat and then deliver the jack and the first bowl. If, however, the first end of the first set or the first end of a tie-breaker is a tied end, the first to play in that end must also play first in the second end of the first set or the second end of the tie-breaker.

**56.5 Re-spotting the jack**

- 56.5.1 If a jack in motion passes completely outside the boundaries of the rink of play, comes to rest in any hollow in the face of the bank, or rebounds to a distance of less than 20 metres from the mat line, the end must not be declared dead. Instead, the jack must be placed with the nearest point of the jack to the mat line at the appropriate spot described in either law 56.5.2 or 56.5.3, and play must continue.

- 56.5.2 Three re-spot positions

- 56.5.2.1 If the jack passes outside the side boundary on the right of the rink, it must be placed with the nearest point of the jack to the mat line at a spot on the rink

which is 2 metres from the front ditch and 1.5 metres to the right of the centre line.

56.5.2.2 If the jack passes outside the side boundary on the left of the rink, it must be placed with the nearest point of the jack to the mat line at a spot on the rink which is 2 metres from the front ditch and 1.5 metres to the left of the centre line.

56.5.2.3 If the jack passes above the face of the bank that is within the side boundaries of the rink of play, or comes to rest in any hollow in the face of the bank, it must be placed with the nearest point of the jack to the mat line at a spot on the rink which is 2 metres from the front ditch and on the centre line.

56.5.2.4 If the jack rebounds to a distance of less than 20 metres from the mat line, it must be placed:

56.5.2.4.1 with the nearest point of the jack to the mat line at the appropriate spot described in laws 56.5.2.1 and 56.5.2.2; or

56.5.2.4.2 with the nearest point of the jack to the mat line at the spot described in law 56.5.2.3 if it comes to rest on the centre line.

56.5.3 One re-spot position  
A single re-spot position which is 2 metres

from the front ditch and on the centre line can be used as an alternative to the three re-spot positions described in law 56.5.2.

56.5.4 If any of the spots mentioned in laws 56.5.2 and 56.5.3 are partly or completely covered by a bowl, the jack must be placed as close as possible to the covered spot, between and in line with that spot and the corresponding spot at the opposite end of the rink, without touching a bowl.

56.5.5 The spots mentioned in laws 56.5.2 and 56.5.3 must be marked using chalk or some other suitable method (see diagrams B.2.3.1 and B.2.3.2 in appendix B.2).

### **A.4**

#### **Restricting the movement of players during play**

If a Controlling Body decides that it is appropriate to restrict the movement of players during play, provision for this must be included within the Conditions of Play. Controlling Bodies can adopt or adapt the following.

#### **A.4.1**

After delivering their first bowl, players will only be allowed to walk up to the head under the following circumstances.

##### **A.4.1.1**

Singles game

##### **A.4.1.1.1**

the opponents: after delivery of their third and fourth bowls.

##### **A.4.1.2**

Pairs game (each player playing four bowls)

##### **A.4.1.2.1**

the leads: after delivery of their third and fourth bowls; and

##### **A.4.1.2.2**

the skips: after delivery of their second, third and fourth bowls.

- A.4.1.3 Pairs game (each player playing three bowls)
- A.4.1.3.1 the leads: after delivery of their third bowl; and
- A.4.1.3.2 the skips: after delivery of their second and third bowls.

- A.4.1.5.3 the skips: after delivery of each of their bowls.
- A.4.1.6 Triples game (each player playing two bowls)
- A.4.1.6.1 the leads: after delivery of their second bowl;
- A.4.1.6.2 the seconds: after delivery of their second bowl; and
- A.4.1.6.3 the skips: after delivery of each of their bowls.

- A.4.1.7 Fours game
- A.4.1.7.1 the leads: after the second player in their team has delivered their second bowl;
- A.4.1.7.2 the seconds: after delivery of their second bowl;
- A.4.1.7.3 the thirds: after delivery of their second bowl; and
- A.4.1.7.4 the skips: after delivery of each of their bowls.
- A.4.2 In exceptional and limited circumstances, a Singles player can ask the marker for permission to walk up to the head, or a skip can ask that a player walks up to the head earlier than described in law A.4.1.
- A.4.3 When a player at the head walks up to the mat to deliver their first bowl, their direct opponent can remain at the head until that bowl has come to rest before walking up to the mat to deliver their own first bowl.
- A.4.4 If a player does not meet the terms of this law, law 13 will apply.
- A.5 Delaying (slow) play**

If a Controlling Body decides that it is appropriate to include regulations for dealing with slow play, provision for this must be included within the Conditions of Play. Controlling Bodies can adopt or adapt

the following regulations (which are based on a 15-end game being played within a two-and-one-quarter hour time limit).

Players must play without undue delay and in a way which does not prevent their opponents from being able to complete the required number of ends within the time limit decided by the Controlling Body. The following conditions will apply in cases where players fail to meet this requirement.

- 1) If one of the skips or one of the coaches makes an appeal that, due to the actions of their opponents their team is being prevented from playing all their bowls within the time decided for the game, the umpire will tell the offending team that they are being 'put on the stopwatch' when any end in progress has been completed. This will also happen if the Controlling Body appeals as a result of its own observation.
- 2) Once the offending team has been put on the stopwatch, they will be required to deliver all their bowls in each of the remaining ends within a four-minute period (timed by an official specifically allocated for that purpose).

- 3) In each end, timing will start as soon as the jack has been properly delivered and centred (if the offending team is the first to play in an end) or as soon as the non-offending team's first bowl has come to rest (if the non-offending team is the first to play in an end). Timing will then continue whenever the offending team is in possession of the rink, and will stop when the offending team's last bowl of the end has been delivered.
- 4) Timing will stop during any interventions by the umpire (for example, to check a short jack or a line bowl) or any interventions by a coach.
- 5) A skip can call for a maximum of two time-outs during the period in which timing is being carried out. When a time-out is called, the time allowed to complete an end will be extended from four minutes to five minutes. If two time-outs are called in the same end, the time allowed to complete an end will be extended from four minutes to six minutes.
- 6) The timing official will tell the offending team when the time remaining in any end reaches one minute.

- 7) At the end of the four-minute period (five-minute or six-minute period if time-outs have been called) the offending team will forfeit any bowls remaining to be delivered in that end. However, the non-offending team will deliver their remaining bowls to complete the end.

## **Appendix C**

- C.1 Bowl and jack displacement chart**
- Laws 37 and 38 describe the action that needs to be taken when a bowl or jack is displaced in a number of situations. To decide what is the correct action to take, players and umpires must decide the following.

    - C.1.1.1 A player or a disabled player's equipment or assistant as described in law 41
    - C.1.1.2 A neutral person or a neutral object
    - C.1.1.3 Being marked as a toucher or during measuring
    - C.1.1.4 A rebounding non-toucher
    - C.1.1.5 A bowl from a neighbouring rink
    - C.1.1.6 A dead bowl
  - C.1.2 Where the bowl or jack was when it was displaced
    - C.1.2.1 In its original course
    - C.1.2.2 In motion

### **Domestic regulations**

Plain English Campaign's Crystal Mark does not apply to these domestic regulations.

**LAWS OF THE SPORT OF BOWLS**  
**Third Edition (2014)**

**DOMESTIC REGULATIONS**

For Domestic play the following  
regulations have been amended  
as per World Bowls (Law 57)

# **BOWLS SOUTH AFRICA – DOMESTIC REGULATIONS 2014**

## **Laws of the Sport of Bowls Crystal Mark Third Edition**

- Law 3.4 No player/team should on any day of a competition play on the same rink.
- Law 10.5 The minimum distance between the mat and the delivered jack will be 23m as per Law 10.1.3
- Law 32.1 Lightning – Umpires shall not be responsible to call off the players during lightning/thunderstorm activity, unless an appeal has been made by a player(s).
- Law 33.9 SUBSTITUTES AND RESERVES  
Bowls South Africa decided that Circular 08/2005 will still apply and that the use of reserves and/or substitutes in all formats of the game (except singles) will be allowed. Bowls South Africa furthermore accepted the following interpretations when reference is made to bona fide members, reserves and substitutes.
1. Bona fide members  
Bona fide members shall include:-  
• Life members and honorary life

members with full privileges;

- All members liable to pay subscriptions;
- Junior members whether they pay any form of subscription or not.

2.

#### Reserve

Means a player who is a bona fide member of the same club in a tournament of clubs, or the same district in a tournament of districts, and who is registered together with the team, or side, prior to the commencement of the tournament.

3.

#### Substitute

Means a player whose name has been drawn in the approved manner, to replace a player who fails to appear at the start or restart of a game; or who is compelled to withdraw for any valid reason acceptable to both skips; or failing agreement by them, by the Controlling Body during the course of a game. The substitute introduced may in all likelihood not be from the same club, as the club requesting a substitute. The “approved manner” is described in the section that deals with the use of substitutes in tournaments below.

- 4. Use of reserves and substitutes.  
The use of reserves will be as follows:
- 4.1 Use of reserves in both the trips and the fours a reserve may be registered and used. A substitute may only be used if a reserve is already playing or was not registered.  
  
In pairs the general rule that will apply is that one of the original players must always be present on the green. If, during a game, the pair's team should be playing with a reserve or a substitute and the original player cannot continue for reasons acceptable to the Controlling Body, the game will be conceded to the opposition. In any mixed competition two reserves, one of each gender will be allowed and the same conditions as described above will apply.
- 4.2 Use of substitutes will be as follows:
  - 1. In the event that there are no reserves or the registered reserves are already playing, the names of not more than four bowlers, who have not played for any team participating in the Tournament, shall be recorded and placed in a hat/container.

2. The Coach, or failing him the Captain of the opposing team concerned, shall be allowed to draw out one name from the hat/container and the Controlling Body should accept this name. This player will be allowed to play for the team for as many matches as he/she may be required but may not skip. In any instance of absence a reserve, if registered, should be used before a substitute is considered.

Absentee players in a team or side in fours play. Due to the acceptance of the above changes, the use of a reserve or substitute will NOT be construed as the introduction of an ineligible player as described in laws 39.2.2.1 and 39.2.2.2

Law 39.2.3 No regulations that are different from Law 39.2.2 have been approved.

Law 40.1.8 A scoreboard may be used in lieu of one of the scorecards. In the event of any discrepancy between the scoreboard and the score card the two skips will agree to the correct score. If there is no consensus, the scoreboard will overrule the score card. It is the responsibility of

the team winning the toss to ensure that the scoreboard is updated after each end.

Law 40.1.9 The skips can transfer their duties described in law 40.1.7 to other members of the team. However, they must make sure that the duties are transferred to players whose positions, in order of play, are the same in each team.

Law 41.8 Players with disabilities may make use of an artificial device for delivering the jack or bowl with the prior approval of the Controlling Body.

Law 46.4 Synthetic surfaces may be used if approved by the Controlling Body

Law 46.5 All greens previously constructed prior to these laws may be approved for use by the Controlling Body

Law 49.1 Rink widths may not deviate from those laid down in the laws. It is recommended that rinks be 5 meters wide whenever practically possible.

Law 49.5 Boundary pegs are acceptable without the centre line on the peg being defined.

Law 49.9 Boundary threads may NOT be used when a mirror complying with law 54.8 is available (mirror and square both with

leveling bubbles or a portable retractable line.)

Law 52.1.5 Distinguishing marks should be visible on all bowls.

Law 52.2.3 Re-testing and re-stamping of bowls will not be enforced until further notice. However, alteration to bowls can only be done by a Licensed Tester.

All bowls used by players in the SA Masters Tournament, should have a World Bowls Stamp not older than 10 years. Any further enforcement of this law will be subject to the availability of testing facilities in South Africa.

Law 52.3.2 Alteration to the bias of bowls/tampering may result in the suspension of the player for a period not exceeding one year

Law 52.4.4.3 A deposit of R5000 (in cash) is to be paid when a challenge is lodged against a set of bowls. All costs incurred to have the bowls tested will be for the challenger's account should the bowls pass the test. However, should the challenged bowls fail the test, the owner/player of the challenged set will be responsible for the costs involved of the testing the bowls

as well as the costs of re-stamping the bowls (where applicable).

Law 53.5 All bowls used by players in the SA Masters Tournament, should have World Bowls Stamp not older than 10 years. Any further enforcement of this law will be subject to the availability of testing facilities in South Africa.

Law 57.1.1.1: Practice: Teams/player not playing for whatever reason, but due to play in the next round, may practice on any rink allocated by the Controlling Body.

Warm up: Any team/player may warm up before any game, time allowing and with approval of the Controlling Body. Warm up should be in the opposite direction of expected play. Warm up should not be deliberate play and no target such as a jack may be used, but bowls may be delivered to enable the player to warm/loosen up.

A.2.2 Players, Umpires and Markers shall wear conventional shoes or sports shoes which have a continuous smooth sole or a sole with a channel rise in the middle of the sole, as long as the sole

is clearly in one piece and the heel area does not sit at a different height to the front of the shoe. To assist in traction the sole can have indented grooves up to 2 mm (thickness of matchstick), but no protuberances. The width of the rear part of the shoe shall be at least 50% of the widest part of the sole. Conventional sandals are acceptable providing they have a back strap.
